HERT AND HARMONY IS WATCHWORD OF STATE CONVENTION

Republicans of Kentucky Meet in Louisville This Afternoon and Tonight in Their State Convention—Hill Meets Certain.

Louisville, Ky., March 3. — Republican leaders from all sections of Kentucky began arriving in Louisville last night to get an "early start" on the program to be put through at the state convention to be conducted in Phoenix Hall this afternoon and tonight. The convention will be called to order by Ed T. Franks, of Owensboro, Chairman of the State Central Committee.

At the Second District convention in Henderson yesterday Franks was declared in favor of a place on the State Central Committee, a post of honor he has occupied in the party for many years. Objection to Franks, it is said, was due to his advocacy of the claim of former Governor A. E. Wilson, who is seeking the Republican nomination for the United States Senate. The state organization is said to look with favor upon the aspirations of Richard P. Ernst, of Covington, in connection with the nomination.

The principal speaker of the convention will be Will P. Hays, Chairman of the National Committee. Governor Morrow will deliver the keynote speech.

"Hert and Harmony" will be the watchword at the gathering of the clans. Serious opposition to the plans of Herts supporters is not anticipated, but it was feared that negroes of the Fifth District will make a stand against the candidacy of Roscoe Conkling Simmons as negro delegates of the "Big Four" to be sent to Chicago. Simmons, it is said, is not even a registered Republican and did not participate in the Fifth District convention last night. Other delegates of the "Big Four" certainly will include Governor John R. Morrow, Mr. Hert and probably Mrs. John G. South, of Frankfort, Ky. Mrs. John W. Langley, wife of the Congressman from the Tenth District, is opposing Mrs. South, and indications are that a spirited contest will be waged to annex the honor of being Kentucky's first woman delegate to a national convention.

BROTHERS STRICKEN.

Messrs. James and George Bellas, proprietors of the Elite Confectionary store, are both critically ill with pneumonia. Many local friends hope for their speedy recovery.

LOCAL LAUNDRY ADDS NEW DEPARTMENT TO ITS PLANT

Modern Laundry Has Complete New Dry Cleaning Plant Ready For Operation After Much Installation.

The Modern Laundry Company, Mayville's up-to-date laundry, has for the past several weeks been very busy installing a complete new department for the dry cleaning and pressing of all kinds of garments.

The latest and most improved machinery known to the trade has been installed in a building at the corner of Fourth and Plum streets and experts have been here for sometime getting the machinery in working condition. The management of the Laundry Company announces today that their new dry cleaning plant is now ready for operation and will begin this week.

The managers of the Modern Laundry are sparing no funds to give to Mayville the best possible laundry plant and they are now giving the city a first class cleaning and pressing plant as an addition.

RURAL CARRIER EXAMINATION.

The United States Civil Service Commission has announced an examination for the county of Mason, Ky., to be held at Mayville, Ky., on March 27, 1920, to fill the position of rural carrier at Mayville, Springdale, Ky., and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to citizens who are actually domiciled in the territory of a postoffice in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

REYNOLDS TO OPEN APRIL 1.

The stemming department of the new R. J. Reynolds Plant of this city will open around about April 1, and there will be positions open to between 500 and 1,000 persons and jobs will be open to men, women, girls and boys, black or white, over sixteen years of age. Good money, good working conditions and prompt pay will be offered employees. Apply to the R. J. Reynolds Plant for work.

The Ladies' Aid Society of the Second M. E. Church, South, will meet Thursday afternoon at 2:30 o'clock at the church. Members please attend.

CITY-OWNED FILTER SYSTEM IS FAVORED BY MASS MEETING

Discussion of Water Situation Tuesday Evening Lasted For More Than Three Hours But Nothing Done.

The court house was filled with local citizens Tuesday evening called there by the Mayor to hear representatives of the State Board of Health and to discuss generally the local water situation. Although there was much discussion of the question, there was nothing accomplished except that an expression on three propositions was obtained from the audience.

Captain C. N. Harbub, detailed by the U. S. Public Health Service to the Kentucky State Board of Health, described the results of his investigation of the local water situation and recommended that nothing but a sand filtration system would give to Mayville a safe and satisfactory water. The Captain then answered various questions and various local citizens expressed their views on the situation. It seemed to be the opinion of all that a filtration system for Mayville was to be desired but some thought that this was not the time for the building of such a plant.

After a general discussion of the condition, Captain Harbub asked the audience how many wanted to see Mayville have a safe and satisfactory water. Practically everyone in the court house arose to their feet. He then asked how many would back the City Council in entering into a contract with the Mayville Water Company for the installation of a filtration system. A few arose in answer to this query but when he asked how many favored the city, itself, installing a filtration plant if necessary, practically everyone in the house arose to their feet.

Federal Judge A. M. J. Cochran and Captain Horace J. Cochran suggested that the city of Mayville could issue its bonds at five per cent, and build a filtration plant at quite a saving to the city over the proposition made by the Water Company to the City Council. It was explained however, that this would require a vote of the people and that such an election could not be called until November.

Captain Harbub again last night stated that it was his purpose to seek an injunction against the Mayville Water Company stepping them from pumping water into the city's mains if nothing had been done to give the city filtration by March 15th.

The mass meeting adjourned with nothing definite being done. Mayor Russell has called another special meeting of City Council at the Council Chamber this evening at 7 o'clock to again go into the question.

HOG CHOLERA NEAR RIPLEY.

The Ripley Bee says: "Mr. Thos. Whisner has lost forty-two head of hogs by death from cholera in the past two weeks, and has a number of others sick from it."

"He sent to Columbus for a state veterinarian, and Dr. Maxwell was sent here Friday. He went to Mr. Whisner's home, and after killing one of the hogs and making a thorough examination, pronounced the disease cholera belond a doubt."

"Mr. Whisner warns all persons against bringing any kind of stock on his place, as he does not want to have the disease spread through the county."

"He will likely lose a thousand dollars worth of hogs himself."

Mrs. J. S. Winter, of Memphis, Tenn., is here the guest of her sister, Miss Mary Helman, Secretary to the Mayor.

KENTUCKY WOMEN TO VOTE IN NOVEMBER

Republican Leaders Promise That Bill Will Be Passed Permitting Women To Vote For President.

Frankfort, Ky., March 3. — The request of one branch of the Kentucky women suffrage organization for the submission of a suffrage amendment to the state constitution has been denied by the State Legislature, but Kentucky women will vote at the November elections of this year.

If the Anthony amendment to the Federal constitution which the Legislature ratified on its opening day, is ratified by a sufficient number of states then equal suffrage will be given.

However, in Kentucky, women are to be given their right to vote upon presidential candidates by act of the Legislature.

Republican leaders have given positive assurance that before the end of the session the bill granting women the right to vote in presidential elections will be passed. It was introduced in the House by Representative Joseph Lazarus, the Republican floor leader, and in the upper house by Senator Hiram Brock, the spokesman for the administration in that body.

The fall elections will see women of Kentucky attain the goal for which they have worked for many years and only one thing remains to guarantee them the rights of suffrage in full and without question. That is the adoption of a state suffrage amendment and the next Legislature can not fail to accede to this request.

A GOOD PROPOSITION.

JUDGE COCHRAN STATES POSITION ON WATER FILTRATION

Favors City Building Filtration Plant If Water Company Will Issue Stock To Cover City's Expenditure Of Money.

Federal Judge A. M. J. Cochran has taken considerable interest in the present water situation and to make his position perfectly clear to all this afternoon issued this statement: Mayville, Ky., March 3rd, 1920. The Daily Public Ledger:

If the Mayville Water Company will provide and agree to operate a proper filtration plant upon the City of Mayville furnishing the money to pay the cost of its erection and agreeing to a modification of the present contract so as to require no more water to be pumped to the reservoir than is reasonably necessary, the City of Mayville to receive stock therefor in the Water Company subordinate to any present outstanding stock and to receive credit therefor if it should ever purchase the plant upon an appraisal under the existing contract, I would favor the City of Mayville paying the cost of such erection.

The City of Mayville should be put in position to know exactly the amount of such cost. My own judgment is that now is not the time to incur such expenditure, but I would waive this if it is thought best to take the matter up at once. The payment of anything more than this will be to reimburse the Water Company for losses incurred by mismanagement which the City should not have to stand. I am satisfied that if the Water Company is managed on business lines under such an arrangement it will receive a good return on all money that it has invested in the property apart from such losses and the likelihood is that it will reimburse itself for such losses.

In the meantime and at once the City and the State Board of Health should insist and see to it that the Water Company adopts such means for purification as are to be had under existing circumstances. I have no more to say on this subject except to insist upon the adoption of such means as will give the people of this community such cause. Captain Harbub in his report and the company conceded it in their view with the City Council.

I would add further that if the City is receiving fire protection from more hydrants than have been contracted for, I would favor that the Water Company should be paid a reasonable return.

CITY MAIL CARRIER RESIGNS TO ENTER BUSINESS FIELD

Mr. Frank Hauke, After Serving People of West End as Postman for 14 Years, Will Leave His Position.

Mr. Frank Hauke has resigned as city mail carrier on the West End route, the resignation to take effect on the first of April. Mr. Hauke will become actively engaged in the restaurant business at the Model Restaurant in West Second street in which concern he is one-half owner.

Mr. Hauke has been delivering mail on the West End route for the past fourteen years and has been a most efficient servant of the Government and the people living in his division. These residents will be very sorry to see Mr. Hauke leave the route but all are wishing him much success in his new undertaking.

Some few months ago Mr. Hauke and Mr. James Frost, Jr., purchased the Model Restaurant and since they have owned this very popular eating house, they have made many extensive improvements, still contemplating many others. Both of these young men are very popular and there is no doubt but that their business will constantly grow.

COLORED NOTE.

WIFE OF TWO MEN BUT NOT GUILTY OF BIGAMY IN KENTUCKY

Mayville Woman Goes Free on Illegality Charge But Is Fined on Charge of Adultery in Police Court This Afternoon.

Mrs. Quillian Goodpaster was before Police Judge John L. Whitaker this afternoon on a charge of bigamy, a warrant thus charging her having been issued upon complaint of her husband No. 1, Thomas Dugli, of Bracken county, who found the Monday living with (her, husband No. 2.

After some of the evidence heard in the case and it was determined that Mrs. Goodpaster had no present husband at West Union, the warrant charging her with bigamy was dismissed on motion of City Attorney Daly and a new warrant charging her with adultery was issued. It was pointed out that the offense of bigamy was not committed in the state of Kentucky but in the state of Ohio and the decision of Judge Whitaker in a similar case several years ago when the late John L. Chamberlain brought up this point in defense of a woman who claimed to be a widow, was remembered. The decision of this matter when new Chamberlain of a few years later.

Attorney Frank Goodpaster, representing Mrs. Goodpaster, law and facts to be submitted in a case of adultery and the woman was fined \$20 and costs which was paid.

OUR BAND GIVES GREAT CONCERT.

The large audience at the Court House mass meeting Tuesday night was delightfully entertained with a fine concert by the Mayville Boys' Band. The band shows wonderful improvement since it was last heard and the splendid rendition of a new number, "On which they had practiced but once, demonstrated to the audience the ease with which the members of the band are now taking new and difficult music.

Sunshine itself seems to radiate from these fresh Spring Hats of glistening straw and nodding flowers, and what a refreshing sight it is! After the first glimpse one forgets all about winter and gray skies and slushy streets and visions of a "cleaner, greener land" take their place. Imagine a broad-brimmed hat of Batavia straw, wreathed with blue-green leaves and bright red cherries and faced with taffeta of the same blue-green tint, the whole set off by a big flat bow of cherry-red velvet ribbon across the back of the under brim! Or, more tailored, a shing black straw toque with a high cockade of glistening feathers. On many of these tailored hats to be worn with street suits there is a pronounced fancy for lacquered wings and feathers. Prices on these charming Springtime Hats start at \$5 with delightful choosing around \$8 and \$12.

BREED THE MARES.

Tractors are attracting the attention of many farmers. In fact there are at this time about 2,000 tractors in Kentucky doing effective work; but the farmer also needs good work stock. The clipping from the Southern Agriculturalist given below was written by Prof. W. S. Anderson of the Experiment Station and should be read carefully by every farmer in the county:

There has been a marked decrease in work stock during the war. The automobile, the truck, the auto-truck, the light horse and mules for hay hauls. The prices paid for war for army horses reduced the breeders. The publicity for the farm tractor has also contributed to lessen the breeders' business.

It is perhaps a conservative estimate to say that not fifty per cent. of the brood mares were bred during 1919 that were accustomed to be bred up to 1913. Surveys made in Kentucky and other horse and mule producing states point near the danger

of the horse danger of a for farm use in breeding is

has been no horse and mule devices are to be fact remains that

horse and mule must do the work that has to be done to produce the crops of the country. The farm tractor has held out some hope that it might reduce the demand for work stock, but so far that hope has not materialized.

It takes so long to raise a horse or mule and get him ready for the market, it may be worth while to dwell on the future demands of farm work stock. The rapid increase in urban population added to the increased consumption of this population due to very high wages paid city labor, indicates that there can be no pause in food cannot be produced without the labor of the horse. Therefore, it is imperative that there be an adequate supply of workstock coming on each year.

The only power machine that the breeder has any cause to fear is the tractor. When its merits and demerits are understood, I believe its shadow of fear can be lifted from the breeders. It is under certain conditions a useful machine, but it is a machine. It can, on the larger farms, render valuable aid to the farmer, but it cannot altogether take the place of horses and mules. We are a mighty long way from the horseless farm.

"OTHERS CAN'T REALIZE HOW IT HELPS HEALTH"

Must Try Vola-Tonic to Understand Says Woman Whom It Helped.

"I do not hesitate to recommend Vola-Tonic because I know what it will do," said Mrs. Flora Bailey, 327 West Court street, Cincinnati, O.

"I doubt if people can fully realize how much this medicine helps a person until they try it themselves," Mrs. Bailey continued.

"My stomach was in very bad condition and I was troubled with indigestion and constipation. I didn't have much appetite and didn't eat a great deal but just the little I ate caused me to suffer afterward with indigestion. The constipation was so bad that I had severe headaches often. I always felt tired and worn out in mornings, too. My sleep didn't seem to do me a bit of good.

"All this trouble is gone since I have been taking Vola-Tonic and I am in normal condition again. My appetite has improved and my food digests properly now. The constipation has left me, too, and those severe headaches I used to have are gone. When I get up in mornings I feel refreshed and energetic and ready for my work.

TRANSYLVANIA WILL CONDUCT CAMPAIGN

FAMOUS OLD LEXINGTON COLLEGE OF CHRISTIAN CHURCH WILL PUT ON EDUCATIONAL DRIVE.

IN INTER-CHURCH MOVEMENT

Needs for Ensuing Year and for the Next Five Years Stated by Dr. Crossfield.

Lexington, Ky.—Transylvania College, famous old institution of the Christian Church in Kentucky, first college in the country west of the Alleghenies, is conducting a campaign of education, so that the people of Kentucky and of the Christian Church in the State may know something of the college and its needs. The campaign is preliminary to the national campaign of the Inter-Church World Movement, which will come later in the year, and which is designed to make possible the increase of salaries of college professors, and to place their living conditions on a proper plane, besides needed improvements, including a three-proof library building.

An organization is being perfected to conduct the educational campaign, and Dr. R. H. Crossfield, president of the college, has made a statement of the needs of the college for the coming year and for the next five years. These needs have been fixed at \$588,124 for the year, and \$2,451,933 for the next five years, from estimates which he presented at the Inter-Church World Movement committee meeting in Atlantic City in January, and later at the St. Louis Conference.

Brady State Director.

Charles A. Brady, of New York City, one of the best known organizers in church and war work campaigns in the east, has come to Lexington and has taken charge of the work as State Director.

Dr. Crossfield has already called attention to the pressing needs of Transylvania, including funds to increase the salaries of the professors 50 per cent; a fire-proof building for Transylvania's old and priceless library; funds to pay off outstanding indebtedness of the college; a new dormitory for women; a new lighting plant; a physics building; a gymnasium and swimming pool for Hamilton College; a new arts building at that college; funds to repair Morrison Chapel and to provide an athletic field.

The work of Campaign Director Brady will be done with the aid of executive committee, composed of Thome Logan, of Louisville, chair; W. C. Lawwill, of Lexington, chairman; Clarence E. Tate, of Lexington; Rev. Homer W. Cary, of Richmond; James H. Bush, of Lexington; Joseph W. Porter, of Louisville; J. T. Vance, of Louisville; Leonard G. Cox, President of R. H. Crossfield, Rev. J. J. Spencer and Dr. J. C. Carlick.

District Chairmen Named.

District chairmen have been selected and they have charge of the organization of the counties in their respective districts as follows:

J. J. Castleberry, Mayfield; E. S. Smith, Hopkinsville; L. A. Warren, Hodgenville; H. T. Young, Mr. Vernon; Carl Agee, Lawrenceburg; Edgar C. Hiley, Petersburg, and Donald C. Ford, Ashland.

The district directors are actively at work to secure county chairmen, and each county will be organized for a thorough campaign among the disciples in Kentucky, as well as among the alumni of Transylvania, Hamilton College and the College of the Bible, many of whom are now living in, and are prosperous and useful citizens of, other states.

Transylvania's forward campaign is being made in concert with the Inter-Church World Movement, and the college gets thus early into the field so that the people of the Christian churches of Kentucky may be better informed as to the remarkable college they have at Lexington (which has educated more than 90 per cent of its ministers in Kentucky who have had college training), and as to its needs, before they are asked to contribute to the funds to put it in a position to keep abreast with the progressive times educationally.

MOVEMENT OF LIBRARY ASSOCIATION APPROVED

"Books For Everybody" Plan of American Library Association Approved By Union.

Washington, D. C., Mar. 3.—Heartly commendation of the "Books for Everybody" movement of the American Library Association in its enlarged program is contained in a statement by P. P. Claxton, Commissioner of Education, Department of the Interior. The project of extending opportunities for public self-instruction by providing greater library facilities throughout the United States appeals to Commissioner Claxton as one of the most effective agencies to promote the highest type of citizenship. He declared that he was especially interested in the establishment of the county library system on a far broader plane, one of the main features of the Association's program.

"The public library," said Commissioner Claxton, "is one of our most effective agencies for public education—possibly the most effective of all for older boys and girls and for adult men and women. No people may hope to become broadly educated and cultured who do not read. Only when good collections of the best books are within easy reach of all the people may we hope that most of them will read as they should."

"I am delighted to know that the plans of the association include the preparation of reading and study

courses, and particularly study courses in American citizenship. These will be very helpful at this time, when the people of the country are interested as never before in what has come to be called Americanization."

"But I am most interested in the plans for the establishment of county libraries. What few of the people who live in the open country and in villages and small towns have access to any adequate collection of books. In more than two-thirds of all the counties in the United States there is no library with as many as five thousand volumes. It is, however, just these people of the small town, village and the open country who have the most time for general reading and who would use good libraries to best advantage."

Three escheated estates of Tories, two from Fayette and one from Jefferson county, formed the first financial support of Transylvania College back in 1783, when it was Transylvania Seminary. Washington, Aaron Burr, General Lafayette and John Jacob Astor I. were among the first who gave to its endowment.

FAMOUS KENTUCKY AUTHORS GRADUATES OF TRANSYLVANIA.

James Lane Allen, whose "Choir Invisible" and other books have been read by hundreds of thousands of Americans, and John Fox, Jr., whose "Little Shepherd of Kingdom Come" and "Trail of the Lonesome Pine" gave the world a true conception of life in the Kentucky mountains; both were graduates of Transylvania College.

INCOME TAX RETURNS DUE

Business Men; Farmers and Wage Workers—Must File Schedules of Income for 1919.

MARCH 15 LAST FILING DATE.

Net Incomes of \$1,000 or Over, if Single; or \$2,000 or Over if Married, Must Be Reported.

The Income Tax imposed by Act of Congress on earnings of the year 1919 is now being collected.

Returns under oath must be made on or before March 15 by every citizen and resident who had a net income for 1919 amounting to:

\$1,000 or over, if single; or if married and living apart from wife (or husband); or if widowed or divorced, \$2,000 or over, if married and living with wife (or husband).

The status of the person on the last day of the year fixes the status for the year with respect to the above requirements.

Under any of these circumstances a return must be made, even though no tax is due.

Husband and wife must consider the income of both, plus that of dependent minor children, in meeting this requirement; and, if sufficient to require a return, all items must be shown in a joint return or in separate returns of husband and wife.

A single person with minor dependents must include the income of such dependents.

A minor who has a net income of \$1,000 or more is not considered a dependent, and must file a separate return.

Personal returns should be made on Form 1040A, unless the net income exceeded \$5,000, in which case Form 1040 should be used.

Residents of Kentucky should file their returns with, and make payments of Income Tax to, Elwood Hamill, Collector of Internal Revenue, Louisville.

How to Figure Income.

The best way to find out whether one must file a return is to get a Form 1040A and follow the instructions printed on it. That form will serve as a reminder of every item of income, and if a return is due it tells how to prepare and file it.

If in doubt on any point as to income or deductions, a person may secure free advice and aid from the nearest Internal Revenue office.

Guesswork, estimates and other hit-or-miss methods are barred when a person is making out his Income Tax return. Accuracy and completeness must be insisted upon. The return is a sworn statement. As such it must be thorough and accurate.

Salaried persons and wage earners must ascertain the actual compensation received. Overtime, bonuses, shares in the profits of a business, value of quarters and board furnished by the employer and other items which are compensations for services must be included.

It must be borne in mind that compensation may be paid in other forms than in cash. A bonus paid in Liberty Bonds is taxable at the market value of the bonds. A note received in payment for services is taxable income at its face value, and the interest upon it is also taxable.

Other Returns Due.

Every partnership doing business in the United States must file a return on Form 1065; and every personal service corporation must file a similar return.

Corporations must file annual returns on Form 1120. Trustees, executors, administrators and others acting in a fiduciary capacity are required to file returns. In some cases, Form 1041 is used; in others, Form 1040; and still others, returns on both forms are required.

Information returns, on Forms 1099 and 1000, must be filed by every organization, firm or person who paid, during 1919, an amount of \$1,000 in salary, wages, interest, rent, or other fixed or determinable income to another person, partnership, personal service corporation or fiduciary. These information returns should be forwarded directly to the Commissioner of Internal Revenue (sorting division), Washington, D. C.

TO HELP MAKE OUT INCOME TAX RETURNS

Additional deputy revenue collectors will be stationed at the local Revenue office in the Government building next week to assist the people of Maysville in making out their income tax returns.

STICKROD'S DYING STATEMENT.

The Fleming Gazette says: "Wm. Stickrod who was shot by Richard Stanfield near Plummers the other day, as mentioned, died from his wounds last week. A warrant charging Stanfield with murder was issued and after being arrested the prisoner was lodged in jail here to await examining trial next Friday morning. Stanfield is a man 78 years old and the man he killed was about 54. He leaves a wife and several grown children. Stanfield was a tenant on Stickrod's place and the trouble was over an account. Stickrod before dying said he went to Stanfield's gate and was asking for a settlement when Stanfield went into the house and returning with a shot gun fired. The charge No. 4 shot took effect in Stickrod's chest. Stanfield claims Stickrod was advancing toward his house after he had warned him to stop.

FUNDS FOR ROADS PURPOSE OF TAXATION MEASURES

Kentucky House of Representatives Adopts Measure Taxing Gasoline and Auto Vehicles For the State Road Fund.

Frankfort, Ky., March 3.—In the plan to raise revenue to build roads the House of Representatives Tuesday passed bills imposing a tax of one cent a gallon on gasoline and 60 cents a horsepower on motor vehicles. It is estimated that these bills will raise \$2,500,000 annually.

The bill taxing gasoline was passed 51 to 25. Representative Arch Hamilton, of Fayette county, desired to exempt from its provisions all classes of engines operated by gasoline not used on roads.

Several amendments which Speaker Bransford held were not germane to the subject were offered, one providing for a ten-cent tax on bank deposits and another for a tax of three cents on ton coal mined in the state. Representative John T. Murphy, of Covington, was the author of the latter amendment. He insisted that it was germane in that it was intended to raise revenue for road building.

Representative Murphy also sought to amend the bill so as to provide a registration fee on each motor vehicle by placing a tax on vehicles of all kinds. His amendment called for a \$3 tax on one-horse-drawn vehicles and a tax of \$2 for each additional horse. Horse-drawn vehicles, he said, were just as responsible for the bad condition of Kentucky's roads as motor vehicles, and he thought they should be made to bear their proportionate part of taxes for road building.

In explaining his vote Representative Charles R. Scott said that he owned automobiles, trucks and horse-drawn vehicles, and, believing in equal justice for all, he thought the Murphy amendment should be adopted. The amendment was rejected and the bill passed, 56 to 24.

Bills prepared by the Budget Commission were passed. Although several of the Democratic members of the House were diligent in their efforts to amend the bills, when the final vote was taken they lined up solidly for the measures.

Committee amendments increased the appropriation as follows: Kentucky State Historical Society, \$3,000 to \$5,000; Kentucky Children's Home Society for White Children, \$50,000 to \$55,000; Kentucky Home Society for Colored Children, \$10,000 to \$15,000; Kentucky School for Education of the Blind, \$10,000 to \$50,000, and Kentucky School for the Deaf, \$30,000 to \$95,000.

The Famous French Dancer and the Leader of Fashions in

"Infatuation"

A romance of modern Paris—a theater within a theater—the great Paris Casino show, rivaling the New York Hippodrome production, is seen in this sensational French feature. Made in Paris while the German guns were pounding at the city gates. War-stricken France laughed at Hun terrorism by producing a picture within the sound of the German thundering guns. The most costly and exquisite hats and gowns are displayed.

When You

Are gone your money and property should be looked after and protected with the same care that you have shown in earning and protecting it.

If it is not it will disappear. When you name an Executor be sure you have selected one that has had business experience and proven their business worth.

Don't select someone just because they happen to be kin to you. If you would not turn your affairs over to them to manage now, don't trust same to them when you are gone.

We act as Executor, Guardian, Trustee, Administrator or in any other legal Representative capacity and discharge our duties strictly according to law and unit in no quarrels between heirs or others.
